Ideas for BID activities (with costs)	<p>Fully supportive of the idea of a ‘Town Team’ comprised of high visibility Community Wardens.</p> <p>This would not only provide a visible reassurance to the public, but would enable enforcement of the PSPO which is currently in place.</p> <p>In addition I would anticipate that this would reduce the perception of crime, and provide a consistent town centre resource who would become familiar and adept at dealing with local issues</p>
