TBC

SLOUGH BID

for a brighter future

Slough BID SLOUGH TOWN
AGAINST CRIME

Slough BID, Slough Town Against Crime (STAC) have launched Disc, an online information-sharing system that's helping drive down low-level crime and antisocial behaviour allowing businesses to manage low level crime.

In Slough Town Centre both national and independent business are part of STAC who hold the Town Link Radio, which has been upgraded to a Push-to-Talk over Cellular system and share local knowledge about ASB and offenders who are problematic on the High Street.

If you would like to become a STAC Partner and DISC member please email disc@sloughbid.co.uk and information on the Radio System can be provided and your respective invitations to become a DISC partner will be issued.

ENERGY EFFICIENCY

SAVE MONEY

REDUCE CO₂

Double-click to edit

You could receive a grant of up
to £5,000 to reduce your
organisation's energy bills

One of the most effective, and long-term ways to mitigate against the energy price rises is to reduce energy consumed, through efficiency upgrades.

Such improvements include; LED lighting, solar PV, heating system upgrades, and insulation/glazing to improve heat retention. The main barrier to these may well be the initial cost. However, a Low Carbon Workspaces' grant from £1,000 - £5,000 can help fund a third of the cost of such projects at commercial premises.

These interventions are a great way to save money on energy bills, and reduce your carbon emissions; helping to achieve net zero goals. Grants cannot be paid retrospectively so it is essential to apply before undertaking work or appointing suppliers. For full details visit lowcarbonworkspaces.co.uk or email the team at info@lowcarbonworkspaces.co.uk
